

Manowar, Sons Of Odin

(oh)

Here to the blaze

I wander

Through this black night

I pounder

The edge of our mighty swords

Did clash

Fallen by our axes

Helmets smash

Glory and fame

Blood is our name

Souls full of thunder

Hearts of steel

Killers of men

Of warriors friend

Sworn to avenge our fallen brothers

To the end

One day too

I may fall

I will enter Odin's Hall

I will die sword in hand

My name and my deeds will

Scorch the land

Glory and fame

Blood is our name

Soul full of thunder

Hearts of steel

Killers of men

Of warriors friend

Sworn to avenge our fallen brothers

Sons of the gods today we shall die

Open Valhalla's door

Let the battle begin with swords in the wind

Hail Gods of War

(Solo)

Sons of Odin we for

By the hammer of Thor

Ride down from the sky

Another is born

Another shall fall

This day bent will die

(oh) Gods

(oh) of War!!!

(Onward into the heart of battle

Fought the sons of Odin

Outnumbered many times

Still - they fought on

Blood poured forth from their wounds

Deep into the earth

Vultures waited for the broken shells

That once were bodies

Thus Odin alone would choose the day

They would enter Valhalla

And in their hour of need

He sent forth onto them The Berserker Rage

Now gods embed

They grows up from the ground

Screaming like wild animals

Such is the gift of absolute power

No blade or weapon would hurt them

They killed them and horses alike

And all who stood before them died that day

Hail Gods Of War)
