Manowar, Sons Of Odin

(oh)
Here to the blaze
I wander
Through this black night
I pounder
The edge of our mighty swords
Did clash
Fallen by our axes
Helmets smash

Glory and fame
Blood is our name
Souls full of thunder
Hearts of steel
Killers of men
Of warriors friend
Sworn to avenge our fallen brothers
To the end

One day too I may fall I will enter Odin's Hall I will die sword in hand My name and my deeds will Scorch the land

Glory and fame
Blood is our name
Soul full of thunder
Hearts of steel
Killers of men
Of warriors friend
Sworn to avenge our fallen brothers

Sons of the gods today we shall die Open Valhalla's door Let the battle begin with swords in the wind Hail Gods of War

(Solo)

(Onward into the heart of battle Fought the sons of Odin Outnumbered many times Still - they fought on Blood poured forth from their wounds Deep into the earth Vultures waited for the broken shells That once were bodies Thus Odin alone would choose the day They would enter Valhalla And in their hour of need He sent forth onto them The Berserker Rage Now gods embed They grows up from the ground Screaming like wild animals Such is the gift of absolute power No blade or weapon would hurt them They killed them and horses alike And all who stood before them died that day Hail Gods Of War)
