

# Manu Chao, Trapped By Love

When you come I feelin better  
Sky is blue you say forever  
Ooh ooh, I've been trapped by love  
Then you go so change the weather  
Sky is grey bit more than ever  
Ooh ooh, I've been trapped by love...  
I've been trapped by love  
I've been trapped by love  
I've been trapped by love...!

So my beer now taste so bitter  
But I can't find anything sweeter  
Ooh ooh, I've been trapped by love  
Then you come and I feel better  
See my eyes they're full of water  
Then again you go  
So change the weather...

Askin for the next together  
I've been trapped by love  
I've been trapped by love  
I've been trapped by love...!

When you come I feelin better  
Sky is blue you say forever  
Ooh ooh, I've been trapped by love  
Then you come and I feel better  
See my eyes they're full of water  
Then again you go  
So change the weather...

Askin for the next together  
Askin for the next together  
I've been trapped by love  
I've been trapped by love  
I've been trapped by love!  
I've been trapped by love!
