

# Maqama, Hold Me

You can tear my heart apart baby  
and I'll scream for you  
I would give my life to you baby  
yeah you know I should

hold me baby  
I'm gonna explode

destroy the world for you baby  
I'm like a killing machine  
little angel fly to me baby  
but you ain't change me

hold me baby  
I'm gonna explode
