

# Marc Almond, Real Evil

Real evil  
I feel real evil  
You're gonna fight hard to get out alive  
Real evil- beware people  
All you hold dear brutalized

Give me your symptoms, i'll be your drugstore  
I've got the sedative you need  
Bring me your troubles, lay down your head  
Just leave all of your fears at the door  
(i'm gonna give you one more)

Real evil  
Come on for a free sample  
Gonna rain upon your little life  
Real evil- beware people  
All that you fear realized

Give me your symptoms, i'll be your drugstore  
I've got the sedative you need  
Bring me your troubles, lay down your head  
Just leave all of your fears at the door  
(i'm gonna give you one more)

Real evil  
It teaches us that we're all equal  
When all of the while it divides  
Real evil, each choice that you make  
A thousand alternatives denied

Give me your symptoms, i'll be your drugstore  
I've got the sedative you need  
Bring me your troubles, lay down your head  
Just leave all of your fears at the door  
(i'm gonna give you one more)

If i could get away  
If i could get away  
If could get away with murder

I want to get away with murder
