

# MARC COHN, Miles Away

My friends will ask me how I'm doin'  
But I just can't lie to 'em  
Not feeling fine today  
I saw my dreams they were a  
Ship on the ocean now it  
Looks like they're miles away  
Miles away  
Hey, hey -- they're miles away  
I know there's always something  
We have to go through  
That has some deeper meaning but  
Right now I just can't say  
I know there's gonna be a lesson somewhere  
I'm gonna think a lot about it later  
But right now I'm miles away  
Miles away  
Hey hey I'm miles away  
Hey hey hey I'm miles away  
I'm a million miles away  
Where I don't have to think at all  
Don't have to listen to you whisper  
Your little secrets in the hall  
Yeah I'd really love to talk about it  
But I think I hear my mama calling me...  
Miles away
