

# Marc Terenzi, Are You Afraid Of The Dark ?

I`m the hunter,you`re the prey,I got you in my sight  
Girl,I lick my chops,tonight`s the night,the time is right to strike  
I am quickly closin` in and the attack will soon begin  
And you won`t know what hit you as I`m ready there  
Are you afraid of the dark  
Say are you scared of the wolves and beasts  
You can`t escape my dreams  
Are you afraid of the dark  
Say are you scared of me  
It`s over,over  
Are you afraid of the dark  
I`ll be the one to turn off the light  
You can`t escape the night  
Are you afraid of the dark  
Say are you scared of me  
It`s over,over  
You`re the victim,I`m the thief,I`ll steal your soul tonight  
Girl,don`t turn around,I`m on your heels,and I`m about to strike  
Are you afraid of the dark  
Say are you scared of the wolves and beasts  
You can`t escape my dreams  
Are you afraid of the dark  
Say are you scared of me  
It`s over,over  
Are you afraid of the dark  
I`ll be the one to turn off the light  
You can`t escape the night  
Are you afraid of the dark  
Say are you scared of me  
It`s over,over  
Are you afraid of the dark  
Are you afraid of the dark  
Are you afraid of the dark  
Say are you scared of the wolves and beasts  
You can`t escape my dreams  
Are you afraid of the dark  
Say are you scared of me  
It`s over,over  
Are you afraid of the dark  
I`ll be the one to turn off the light  
You can`t escape the night  
Are you afraid of the dark  
Say are you scared of me  
It`s over,over
