

# Marcel, Nothing To Lose

Nothin' to lose, yeah, yeah  
Got nothin' to lose, yeah

It was noon time, down time, break time  
summer time, miller time, anytime  
She was lookin' pretty fine  
A red light, a green light, go  
All fired upm side downtown  
She's shakin' me all around  
I was tuned in, going nowhere, second wind  
Jonesin', droolin', feelin' good, if you would

Chours:

Oh yeah, by the wat she moves  
She's got me rollin' in dirt  
In a white t-shirt, breaker, breaker 1,9  
She's a big ol' flirt  
BT now she's got me  
all tied up, tied down  
Ant way I choose  
I got nothin' to lose

In like Flynn I was lookin' for the win  
Just tryin' anything  
Hey baby, where you been  
All my life I been lookin' for  
Someone like you  
Fallin' head over heals  
Hey, what can I do

Repeat Chorus

Oh, I'm in the fast lane going 98, by now I know she can  
Smooth Operate me, I know now she's no good two  
shoes  
But, hey I've got myself nothin' to lose

Repeat Chorus Twice

Yeah, I've got nothin' to lose.....
