

# Marcy Playground, Sunday Mail

I'm just out here in the street practically  
I'm just waitin' for the Sunday mail  
Oooo it doesn't come

Will you send me something soon  
Will you swing me near the moon  
With those words, I know  
I know you will, I know you will  
I know you will

I'm just out here in the street, practically  
I'm just waitin' for the Sunday mail  
Aooo it never comes oooo

Will you send me something soon  
Will you swing me near the moon  
With those words, I know  
I know you will, I know you will  
I know you will, I know you will
