

Mari Bølla, Your Loss (Mari Bolla)

Your loss
Your loss
You came in to break me
Tattooed a scar
Loved me like a lizard
You're so bizarre
I just came to tell you
This is goodbye
I don't want a traitor
Not by my side
But I'm not letting you shake me (who-oo!)
No, no, no, no, no
I'm not letting you shake me
Got a kick to wake me
Now I'm the star
I was stupid enough to believe 'ya
And I didn't want to deceive 'ya
But I was brave enough, brave enough to leave ya
Strong enough on my own
Your loss
Baby, you are toxic
Your loss
Move on to my next gig
Your loss
Honey, here's your exit
I won't miss you one bit
And it's your loss
So you couldn't keep your hands off
Couldn't make yourself stop
Couldn't lift a finger, wouldn't try to pick us both up
I'm not even gonna waste a single little teardrop
I didn't see what you did to me
Everytime I went away you lied to me
How did you think that I would believe
'Cause you're just sorry for the junk that you told me
Not the secret you been hiding inside
But I'm not letting you shake me (who-oo!)
No, no, no, no, no
I'm not letting you shake me (who-oo!)
No, no, no, no, no
I was stupid enough to believe 'ya
And I didn't want to deceive 'ya
But I was brave enough, brave enough to leave ya
Strong enough on my own
Your loss
Baby, you are toxic
Your loss
Move on to my next gig
Your loss
Honey, here's your exit
I won't miss you one bit
And it's your loss
Oh, Oh, Oh
It's your loss
Yeah it's your loss
You say you miss me
But we know that it's not really how you feel
It's a dream and it's forever gonna be
Your loss
Baby, you are toxic
Your loss
Move on to my next gig
Your loss
Honey, here's your exit

I won't miss you one bit
And it's your loss
Oh, Oh, Oh
This is your loss
