

Maria, Down For Love

Lyrics for "Down For Love";
My heart, he takes.
He'll always be my baby
We may bend, won't break.
What we got no one else can take.
He's the sun when my day is low.
On this adventure, we're front row.
His love is the center of my attention.

See, yall don't know what he do for me.
That guy is my everything.
We argue, we fight.
Then make up by the end of the night.
Don't even speak speak.
We know what we got.

I love him.
He loves me.
And this is how love should be.
I'm down for the love that he got, that he got.
And he stay down for the love that we got, that we got.
I love him.
He loves me.
And this is how love should be.
I'm down for the love that he got, that he got.
And he stay down for the love that we got, that we got.

He's embedded my space.
Everytime he speaks, he blows me away.
Don't care what people say.
No matter what, he's in the same place where I live.
See I'll be his second one.
I'm his princess, he's my general.
And no matter what you think 'bout love,
time won't outlast us.

See, yall don't know what he do for me.
And I'm telling you he's my everything.
We argue, we fight.
Then we make up by the end of the night.
Yall don't know what we got.

I love him.
He loves me.
And this is how love should be.
I'm down for the love that he got, that he got.
And he stay down for the love that we got, that we got.
I love him.
He loves me.
And this is how love should be.
I'm down for the love that he got, that he got.
And he stay down for the love that we got, that we got.

The miles I'd walk for him are infinite.
I'd go circles around the world.
And everyday I'm beside him is heaven sent
and all else is irrelevant.
So keep on exuding your love onto me.

I love you.
He loves me.
And this is how love should be.

I'm down for the love that he got, that he got.
And he stay down for the love that we got, that we got.
You know you mean the world to me.
I love him.
He loves me.
And this is how love should be.
I'm down for the love that he got, that he got.
I'm down for the love that he got, let me say this.

Maria(:
