

# Maria Mena, Pale People

I know it's time for me to grow up  
I know my head's somewhere else but give me a break  
I've never done this before  
and somewhere in between I'm feeling lonely  
you wouldn't have a friend that I could borrow?  
'cause I know there's a lot of nothing around here

I know it's been a while I should have called you  
I know that you fit in but I'm not you  
and somewhere in the middle I'll go crazy  
do you know somebody who cases?  
'cause I know there's a lot of nothing around here

Hey, hey you  
I'm surrounded by pale people  
Hey, hey you  
I think I'm fading too..

I know there's got to be a way to make them get me  
I know sometimes I don't get myself at all  
And someplace on the sun there is a black spot  
do you know the weatherman too?  
'cause I know there's a lot of nothing around here

There you go..  
trying to teach me the lesson you learned  
don't you know, I already tried that  
and I got burned..
