

Maria Mena, Pale People

I know it's time for me to grow up
I know my head's somewhere else but give me a break
I've never done this before
and somewhere in between I'm feeling lonely
you wouldn't have a friend that I could borrow?
'cause I know there's a lot of nothing around here

I know it's been a while I should have called you
I know that you fit in but I'm not you
and somewhere in the middle I'll go crazy
do you know somebody who cases?
'cause I know there's a lot of nothing around here

Hey, hey you
I'm surrounded by pale people
Hey, hey you
I think I'm fading too..

I know there's got to be a way to make them get me
I know sometimes I don't get myself at all
And someplace on the sun there is a black spot
do you know the weatherman too?
'cause I know there's a lot of nothing around here

There you go..
trying to teach me the lesson you learned
don't you know, I already tried that
and I got burned..
