

# Mariah Carey, Giving Me Life (ft. Slick Rick, Blood

it wasn't really  
it wasn't really  
it wasn't really much at all  
it wasn't really

so it's summertime  
a splash of wine and forget about it  
it you're so inclined  
let's take a ride tonight  
so then maybe if the stars align  
we'll fix our minds on another tangent  
and it's kinda like impossible to top this at all

giving me life and it's everything  
thinking about when we were seventeen  
feeling myself like I;m Norma Jeane  
Here in my arms is where you shoukd be

it wasn't really  
it wasn't really much  
it wasn't really much at all  
it wasn't really  
it wasn't really  
it wasn't really much at all
