## Mariah Carey, I stay in love

| Oh babyBaby, | I stay in love | with you Dyin | g inside cause | I can't stand it | Make or break | up Can't tak |
|--------------|----------------|---------------|----------------|------------------|---------------|--------------|
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
|              |                |               |                |                  |               |              |
