## Marianne Faithfull, Crazy Lady Blues

This morning too didn't rise before noon She's a lazy lady today. Always young and new with your eyes on the moon, You're a crazy lady like you said. Crazy lady.

Now should I say more before I know you so well?

You're no hazy maiden in gray. How can I be sure? it's not easy to tell, But you're a crazy lady like you said. Crazy lady.
