

Marianne Faithfull, Intrigue

Intrigue? surrounding me
Intrigue? surrounding you
I was only looking for a bit of harmony and grace,
I swear I only meant it in good faith.

In league? enfolding you
Fatigue? I feel it, too.
I guess I never thought I had a thing or two to lose,
I never thought I'd end up as good news.

Believe in what you hear.
Concede to what you fear.
And if you think that I have so much love to go to waste,

Cut out the running home, make the pace.

Intrigue? surrounding me? you
Intrigue? surrounding you? me
I was only looking for a bit of harmony and grace,
I swear I only meant it in good faith.

And if you think that I have so much love to go to waste,
Cut out the running home, make the pace.
