

Marianne Faithfull, Southern Butterfly

Where I walk
And life is warm
Sun and breath
Hopefully here
All our hearts are blessed.

Texas real
A woman sworn to man
Here I tried,
Here I tried
To be the best.

So hot it's white and real to me
I'd stay awake all night
Asking your silent sympathy.

I know something new,
Southern butterfly and you.
I know something new,
Southern butterfly with you.

Texas real

A woman sworn to man
Here I tried,
Here I tried
To be the best.

So hot it's fine and real, real me
I'd stay awake all night
Asking your silent sympathy.

I know something new,
Southern butterfly with you.
I know something new,
Southern butterfly and you.

I know something new,
Southern butterfly and you.
I know something new,
Southern butterfly with you.
