

# Marie, Honey

[Verse 1]

My phone is screaming even though it was on silent  
I didn't ask you, didn't noted you'd call  
And I was sleeping even though the noise was violent  
I wasn't lonely but I kinda was alone  
Well I'm in your head now  
Would you like me to get out?  
Maybe a little sticky  
And once for real that I can be a little tricky

[Chorus]

Cause I'm like the honey so sweet  
And you would love to have me, beep beep  
And you would like to taste me, I bet  
If you boy that's what you would  
Gets my honey on my fingers, let's try  
Some honeyfans that I have, say hi  
Some honey in my heart, in my head  
If you would like to try, please, go ahead

[Bridge]

Go, go, go, go  
Go, go ahead, go  
Go, go, go, go

[Verse 2]

I do like flowers and I do like pass pink now  
You wanna know me I would give you one more clue  
I prefer muffins over apple pies it's all out  
And please don't ask me if I wanted it, it's ew  
Well I'm in your head now  
Would you like me to get out?  
Feels like a bit of danger  
Oh darling I would never ever kiss a stranger

[Chorus]

Cause I'm like the honey, so sweet  
And you would like to have me, beep beep  
And you would like to taste me, I bet  
If you boy that's what you would get  
Some honey on my fingers, let's try  
Some honeyfans that I have, say hi  
Some honey in my heart, in my head  
If you would like to try, please, go ahead

[Bridge]

Go, go, go, go  
Go, go ahead, go  
Go, go, go, go

[Verse 3]

Looking like chocolate where the strawberry is your filling  
I guess I shouldn't have been looking at your back  
And several bit I was some tabasco and chili  
I was so hungry boy I just wanted to fuck  
Cause I'm in your head now  
Would you like me to get out?  
You also have some filling  
But let it something sweeter it's just the beginning

[Chorus]

Cause I'm like the honey so sweet  
And you would like to have me, beep beep  
And you would like to taste me, I bet

If you boy, that's what you would get  
Some Honey on my fingers, let's try  
Some honeyfans that I have, say hi  
Some honey in my heart, in my head  
If you would like to try, please, go ahead

[Outro]

Go, go, go, go  
Go, go ahead, go  
Go, go, go, go
