Barb Warner: I wouldn't take 'em.

Blanche Wyer: I don't know, the headache is heavier than anything else.

Barb Warner: It's the first time that you took 'em?

Blanche Wyer: Second.

Barb Warner: Yeah...

Blanche Wyer: I had a little bit of a headache this morning.

Barb Warner: I wouldn't take 'em, mom.

Blanche Wyer: I won't take 'em now, 'cause I have a toothache that hurts too a little bit. I've taken everything I got, been thinkin'

Barb Warner: All that blood pressure medicine you take and stuff too. You shouldn't take those things. You're better off not to sleep then to take the...

Blanche Wyer: ?

Barb Warner: Oh, my god! No wonder you got a headache! Your pressure's probably sky high! Why don't...You gotta take that every day!

Blanche Wyer: I try though...

Barb Warner: Are you crazy?

Blanche Wyer: It's been 3 days...

Barb Warner: That's probably why you have a headache now...Did you take it today?

Blanche Wyer: I did this morning, yeah.

Barb Warner: That's probably why you have a headache, 'cause your pressure's up.

Blanche Wyer: Yeah.

Barb Warner: I don't know how you can forget to take it. And when that's the only pill you take...

Blanche Wyer: I'm sorry, I have so many pills you'd be surprised.

Barb Warner: Well, the blood pressure pill is the most important one.

Blanche Wyer: Yeah, I know...

Barb Warner: There ain't no other one as important as that one.

Blanche Wyer: I got one more and then I gotta get to the store. I got two refills on it.

Barb Warner: You only got one pill?!

Blanche Wyer: I only take one a day...

Barb Warner: Well, yeah, but you shouldn't let 'em get that low...

Blanche Wyer: I guess not, but I can take one in the morning and then go get some more...

Barb Warner: They're expensive! If you have to pay for 'em... Procardia?

Blanche Wyer: No, the other one.

Barb Warner: Which ones?

Blanche Wyer: I gotta pay for procardia.

Barb Warner: Were you taking that every day?

Blanche Wyer: Yeah.

Barb Warner: Well, that's the blood pressure pill... The heart pill, the procardia. And what's the other one?

Blanche Wyer: Ah, H-Y-D-R-O-T-O-N.

Barb Warner: Oh, that's something to do with water and... And... Water and, uh, blood pressure.

Blanche Wyer: This one tag does say it's for blood pressure...

Barb Warner: Yeah, I think it works like a water pill type pressure, but the procardia's the important one.

Blanche Wyer: Yeah.

Barb Warner: You have to take that every day.

Blanche Wyer: Yeah.

Barb Warner: You should take that the first thing when you get up...

Blanche Wyer: Yeah...I know.

Barb Warner: Well, how come you ain't got taken it?

Blanche Wyer: I took it yesterday, the procardia.

Barb Warner: Well, how come you didn't take it today?

Blanche Wyer: I had the headache today...

Barb Warner: That's why you have a headache! You gotta take the procardia...

Take it now! That's what it's for, your headache! It's to make your blood pressure come down.

Blanche Wyer: Yeah.

Barb Warner: If you don't you're gonna ha... You'll have a stroke if you don't take it. If you got a pretty... Headache that bad you're gonna have a stroke...

Blanche Wyer: I got a headache that bad this morning.

Barb Warner: Well, you better go take the procordia right now.

Blanche Wyer: I will, I'll take it when I hang up.

Barb Warner: You didn't take that other blood... blood pressure pill either?

Blanche Wyer: Yeah, I did this morning...

Barb Warner: Well, you should take the procordia right now.

Blanche Wyer: I'll take the procordia in after nine. Got a horrible morning...

Barb Warner: Well, you...

Blanche Wyer: I'm glad you can't see it.

Barb Warner: Well, how long has it been since you took the procordia?

Blanche Wyer: Three days.

Barb Warner: How many?

Blanche Wyer: Three...

Barb Warner: Well, see, that's ridiculous... You better go take it right now.

Blanche Wyer: I will.

Barb Warner: Then you'll find out your headache will go away.

Blanche Wyer: Yeah. I've taken it now, the procordia, just yet.

Barb Warner: Any other medicine you're taking ain't that important. You ain't got nothing but nerve pills. They ain't important.

Blanche Wyer: I take those every day...

Barb Warner: Well, the nerve pills ain't that important. The blood pressure medicine's important.
