

# Marilyn Manson, Mobscene Cd Version

We are the things and shapes to come  
Your freedom's not free of dumb  
This depression is great  
The defamation age  
They'll know my name  
Waltz into scum, and base a marriage of the pain  
Pain- they want it  
Pain- they want it  
Pain, pain, pain, pain, pain  
You came to see the mobscene  
I know it isn't your scene  
It's better than a sex scene  
And it's so fucking obscene  
Obscene, yeah  
You want commitment  
Put on your best suit  
Get your arms around me  
Now we're going down, downtown  
You want commitment  
Put on your best suit  
Get your arms around me  
Now we're going down, downtown  
[Cheerleaders:] Be obscene  
Be, be obscene  
Be obscene, baby  
Not heard  
We take the love  
Open your eyes  
And watch the world end  
We have our places,  
But we have no friends  
They told us is not good  
We know it's great  
...drugs  
...take our place  
Pain- they want it  
Pain- they want it  
Pain, pain, pain, pain, pain  
You came to see the mobscene  
I know it isn't your scene  
It's better than a sex scene  
And it's so fucking obscene  
Obscene, yeah  
You want commitment  
Put on your best suit  
Get your arms around me  
Now we're going down, downtown  
You want commitment  
Put on your best suit  
Get your arms around me  
Now we're going down, downtown  
[Cheerleaders:] Be obscene  
Be, be obscene  
Be obscene, baby  
Not heard  
Be obscene  
Be, be obscene  
Be obscene, baby  
Not heard  
You came to see the mobscene
