

Marilyn Manson, The Last Day On Earth

Yesterday was a million years ago,
In all my past lives I played an asshole.
Now I found you, it's almost too late,
And this earth seems obliterating.
We are trembling in our crutches,
High and dead our skin is glass.
I'm so empty here without you,
I crack and xerox hands.
I know it's the last day on earth,
We'll be together while the planet dies.
I know it's the last day on earth,
We'll never say goodbye.
And the dogs slaughter each other softly,
Love burns its casualties.
We are damaged provider modules,
Spill the seeds at our children's feet.
I'm so empty here without you,
I know they want me dead.
And I know it's the last day on Earth,
We'll be together while the planet dies.
And I know it's the last day on earth,
We'll never say goodbye.
And I know it's the last day on Earth,
We'll be together while the planet dies.
And I know it's the last day on earth,
We'll never say goodbye.
And I know it's the last day on Earth,
We'll be together while the planet dies.
And I know it's the last day on earth,
We'll never say goodbye.
We'll never say goodbye
