

# Marina And The Diamonds, FORGET

Sometimes I think I'm not that strong  
But there's a force that carries me on  
Sick of my small heart, made of steel  
Sick of the wounds that never heal

Cause I have lived my life in debt  
I've spent my days in deep regret  
Yeah I been living in the red  
Cause I can't forgive and I can't forget  
Forget...

Forget, forget, forget, forget  
Ain't no time for regret  
It's time to forget

Ever since I can remember  
Life was like a tipping scale  
Like an abacus I played with  
Counting every win and fail

Cause I have lived my life in debt  
I've spent my days in deep regret  
Yeah, I've been living in the red  
But I wanna forgive and forget

Forget, forget, forget, forget  
Ain't no time for regret  
It's time to letting him go  
Baby you know  
What I'm talking about  
Got nothing to lose and nothing to prove  
Baby, I'm bowing out  
Out, I'm bowing out

I've been dancing with the devil  
I love that he pretends to care  
If I'll ever get to heaven  
When a million dollars gets you there  
Oh, all the time that I have wasted  
Chasing rabbits down a hole  
When I was born to be the tortoise  
I was born to walk alone

Forget about it  
Forget about it  
Forget about it

Forget, forget, forget, forget  
Ain't no time for regret

I'm gonna leave the past behind  
I've had enough, I'm breaking free  
No pressing stop, erase, rewind  
That chain of thought that followed me

I've put my money where my mouth is  
For the first time in my life  
I've made mistakes but I believe that  
Everything was worth the fight  
Cause in the end, the road is long  
But only cause it makes you strong  
It's filled with peaks & twists & turns  
Sometimes you have to learn forget about it
