

Marina Maximilian, Innocent

They think I'm innocent
But there's a fire in my head that's raging on
I've got a babyface
But my fingertips got electricity that burns

And it burns
They call me dangerous
No one can deny me
Got to be mysterious
So no rule can define me
Yeah

Ladies got to play to win the game
Spin it around till they forget their name
Shoot a smile and see the lion fall
Unlock the door
He's on the floor

Thinks I'm a silly girl
But boy don't let your eyes
Fool you into a surprise
Got to stay focused girl
Eyes locked on the prize
And now it's time to improvise

And it burns
They call me dangerous
No one can deny me
Got to be mysterious
So no rule can define me
Yeah

Ladies got to play to win the game
Spin it around till they forget their name
Shoot a smile and see the lion fall
Unlock the door
