

Marion, Journey To The Centre

Heart is beating low
Heart is beating low
Again and again
Where are my friends
Again and again
Where are my friends

We've come through it all
We've come through it all
Yeh yeh yeh, yeh yeh yeh

Heart is beating lower
Heart is beating lower

Again and again
Where are my friends
Again and again
Where are my friends

We've come through it all
We've come through it all
Yeh yeh yeh, yeh yeh yeh
On this morning when I woke
I half woke, I half woke up
This morning when I woke
I half woke, I half woke up
