

# Marit Larsen, Recent Illusion (Single)

How hard can it be to  
Have an to keep what everyone has?  
Out walking the street  
The beautiful meet  
They're starting to laugh

I know too much  
I've seen too much  
I crave too much  
I'm out of touch

My recent illusion  
Blurred out my conclusion  
There's no-one for me  
I can't do it right  
I can't sleep at night  
He's all that I see

But I want too much  
Demand too much  
I crave too much  
I'm out of touch

I aim high, you aim low  
Oh, ain't that just the way it goes?  
I see sparks, you see none  
Had I only quit while it was fun

But I seek too much  
I try too much  
Think I cry too much  
I've lost my touch

I think I've lost my touch  
But it was fun
