

# Mark Medlock, Unbelievable

It's not the way you smile in the morning  
It's not the way you kiss me tonight  
It's not the way you smile when you're yearning  
It's not the way you holding me tight  
Words can't express they cannot express  
What you mean to me

(Refrain)

You're unbelievable, irresistible  
I can't believe my eyes, when I'm with you  
You're unbelievable - You're just incredible  
and I can't, can't breathe without you  
Can't breathe without you

It's not the way we spend nights together  
It's not the way you looking at me  
It's not the way you say  
it's forever

Whatever oh will be, will be  
Words can't express they cannot express  
what you mean to me

(Refrain)

You're unbelievable, irresistible  
I can't believe my eyes when I'm with you  
You're unbelievable - You're just incredible  
And I can't can't breath without you  
And I can't breath without you

You're unbelievable, irresistible  
I can't believe my eyes  
when I'm with you (yeah when I'm with you)  
You're unbelievable (unbelievable)  
You're just incredible  
And I can't yes and I can't can't breath without you  
And I can't can't breath without you
