

Mark Ronson, Pretty Green

I've got a pocket full of pretty green -
I'm gonna put it in the fruit machine -
I'm gonna put it in the juke box -
It's gonna play all the records in the hit parade -
This is the pretty green - this is society
You can't do nothing - unless it's in the pocket
Oh no -
I've got a pocket full of pretty green
I'm gonna give it to the man behind the counter
He's gonna give me food and water -
I'm gonna eat that and look for more -
And they didn't teach me that in school -
It's something that I learnt on my own -
That power is measured by the pound or the fist -
It's as clear as this oh -
I've got a pocket full of Pretty Green!
