

Marques Houston, Walk Away

(Verse 1)

I can truly say
it's not everyday
someone makes me feel this way.
Just like a star shooting passed the moon,
felt like a holiday.
I wanna take you away
to another place.
Where the love just over flows babe.
You were like my rain that needed to fall,
cause the flowers would not grow.

(Chorus)

Has anybody ever told you
that your eyes shine like pearls?
Has anybody ever told you
that your one special girl?
Has anybody ever showed you
that love is here to stay?
Cause you stole my heart on this very day,
and I can't let you walk away.

(Verse 2)

It took me by surprise lite up my eyes
like a child with brand new toys.
I never had so much inspiration
now my songs are filled with joy.
I can feel my soul, and feel my heart
beating for the very first time.
I know I'm not your man
but I'm making plans, like your already mine.

(Chorus)

Has anybody ever told you
that your eyes shine like pearls?
Has anybody ever told you
that your one special girl?
Has anybody ever showed you
that love is here to stay?
Cause you stole my heart on this very day,
and I can't let you walk away.

(Bridge)

Walk away can't let you walk away from me.
I'll keep you with something that I want to tell you.
Tell you in your ear baby is to clear that I want you.

(Chorus)

Has anybody ever told you
that your eyes shine like pearls?
Has anybody ever told you
that your one special girl?
Has anybody ever showed you
that love is here to stay?
Cause you stole my heart on this very day,
and I can't let you walk away.
