

Mars, Reason

Round and round
turning round,
where are you tonight?
Could there be
a sweeter sound,
then to call your name?
Magic moments
that we shared,
melodies of life.
There is nothing
to compered,
one thing you should know.
(refrain)

You gave me a reason to love you,
You made me believe that its true.
You gave me a reason to love you,
now I wanna tell it to you.
Cause Im down on my knees
begin you please,
listen to me one more time.
Cause baby
You gave me a reason to love you,
just tonight.
Youre hand in mine
and candy light,
how easy it could be.
Need the moment
to arrive,
to tell you how I feel.

(refrain)
baby
you gave me a reason to love you,
you made me believe that its true.
You gave me a reason to love you,
now I wanna tell it to you.
Cause Im down on me knees
begin you please,
listen to me one more time.

Cause baby
you gave me a reason to love you
just tonight.
If theres a reason to be,
its simple for me to see.
The magic between us,
the look in your eyes
is what it means to me.

You gave me a reason to love you,
you made me believe that its true.
You gave me a reason to love you,
now I wanna tell it to you.
Cause Im down on my knees
begin you please,
listen to me one more time.
Cause baby
You gave me a reason to love you,
just tonight,
just tonight.
