

# Martha Wainwright, The Car Song

Turn the key & warm up the vehicle  
Window's foggy & I'm in my little bubble  
Some are red, some are yellow  
Black & blue & different colours  
Mine is green

Let's go  
Let's go  
Let's go play footsie with the pedal  
Get on the road

It glides underneath me  
Yeah, it rides so sweetly  
I love driving in my car  
In my car I can see outside  
I have wiped off the mirrors & they shine like glimmering glass

Oh no  
Oh no  
Oh no, is that you I see?  
Take a left quickly

Green light, go  
Red light, no  
No matter on the yellow  
It's so fun driving in my car

In my car I can do anything  
Drive up & down the road  
Maybe listen to the radio  
I think I know this song  
Light up a cigarette

Green light, go  
Red light, no  
No matter on the yellow  
It's so fun driving in my car
