

Martina McBride, Sunnyside Up

I still get that feeling I felt when I fell in love with my baby
Everytime he makes me smile
I still see the beautiful in your favorite song on the radio
Turn it up and here we go
Look at everything we have
Baby, it ain't so bad
Today everything is sunny side up
I'm hangin' on to happy and pushin' my luck
You're lookin' at a girl whose lookin' at the world
And no matter what
Sunny side up
Sunny side up
Yeah, yeah
It seems like everybody's way too sad
Come on let's lift each other up
Look at all we have
Baby it ain't so bad
Oh, today everything is sunny side up
I'm hangin' on to happy and pushin' my luck
You're lookin' at a girl whose lookin' at the world
And no matter what
Hey, today everything is sunny side up
I'm hangin' on to happy and pushin' my luck
You're lookin' at a girl whose lookin' at the world
And no matter what
Sunny side up
Sunny side up
Yeah, yeah
Yeah, sunny side up
I still get that feeling I felt when I fell in love with my baby
Everytime he makes me smile
