

Martina McBride, You'll Get Through This

Pull the shades down on the sun
Don't want to see the morning break to another day
I don't have the strength to face

Close the door and keep it shut
Lord the sake is just too much for me to take
How do I begin to pray

My way back to some kind of peace of mind
But then I hear love whispering through the darkest of times

CHORUS

You'll get through this
You'll break new ground
When you're lost within your weakness
Hope is waiting to be found
You'll get through this
No matter what it takes
I believe in you for heaven's sake
You'll get through this

Verse 2

When doubt starts tearing it
The faith deep in you don't be afraid
Just remember what I say
Nothing formed against you will succeed
As long as your hearts turn to me

CHORUS

You'll get through this
You'll break new ground
When you're lost within your weakness
Hope is waiting to be found
You'll get through this
No matter what it takes
I believe in you for heaven's sake
You'll get through this

BRIDGE

Nothing formed against ya will succeed
As long as your hearts turn to me

CHORUS

You'll get through this
You'll break new ground
When you're lost within your weakness
Hope is waiting to be found
You'll get through this
No matter what it takes
I believe in you for heaven's sake
You'll get through this
