

# Martine McCutcheon, First Time (I Fell In Love)

The first time i fell in love  
The stars were falling, the air was still  
I still remember, i always will  
My heart was flying so high above  
It was the first time i fell in love  
And in that moment i felt so good  
I was so frightened and yet so sure  
You were the hero i dreamed of  
It was the first time i fell in love  
You were so sorry i was so sad  
You were the best thing i ever had  
My heart was breaking, i'd thought i'd die  
It was the first time i said good-bye  
And in the darkness of that loanly night  
When you held me i held on too tight  
I lost the hero i dreamed of  
It was the first time i fell in love  
No, i'm not crying cause i am not bruised  
Some loves forever some love you lose  
I lost the hero that i dreamed of  
It was the first time i fell in love  
The very first time i fell in love  
But it wont be the last time  
I fall in love.
