

# Marty Robbins, A Time And A Place For Everything

There's a time and a place for everything  
So let's pretend we're not blue  
There's a time and a place for everything  
Someday our dreams will come true

They say that just before the dawn  
That night is as black as can be-e-e  
There's a time and a place for everything  
And someday your place will be with me

They say that just before the dawn  
That night is as black as can be-e-e  
But there's a time and a place for everything  
And someday your place will be with me
