

# Marty Robbins, I Hope You Learned A Lot

You treat me like the ground you walk around on  
You say our love's not like it was before  
And even though you hurt me, when it's over  
You know that I'll come runnin' back for more

So I hope you learned a lot from all your heartaches  
'Cause their bound to come to you, just wait and see  
And I hope you learned a lot from all your heartaches  
And when you do I hope that you'll come runnin back to me

Sometimes I think you really like to hurt me  
Your only happy when you make me blue  
But every time you do I keep remembering  
Someday someone will do the same to you

And I hope you learned a lot from all your heartaches  
'Cause their bound to come to you, just wait and see  
Oh, I hope you learned a lot from all your heartaches  
And when you do I hope that you'll come runnin back to me
