

# Marty Robbins, There's No Wings On My Angel

There's no wings on my angel  
'Cause she's not from Heaven above  
No halo on my angel  
But she's still the one that I love

Well, I know love is blind still I can see  
My love for her means sweet misery  
There's no wings on my angel  
But she's still an angel to me

There's no wings on my angel  
The Devil is there in her eyes  
No, don't cry on my angel  
She's foolin' no one with her lies

Well, I know love is blind still I can see  
My love for her means sweet misery  
There's no wings on my angel  
But she's still an angel to me  
But she's still an angel to me
