

# Marty Robbins, Where D'ya Go

How long will it be 'til I see my baby  
This waitin' here is drivin' me crazy  
Where d'ya go, when are ya commin' back  
I treated ya good like a good man should  
Oh, ya left me here, that ain't good, oh  
Where d'ya go, when are ya commin' back  
Commin' back

When will I see those lovin' eyes  
That used to look at me  
I long to feel those lovin' arms  
That held me tenderly  
If you ain't back in a little more time, oh  
I think I'll leave this world behind, oh  
Where d'ya go, when are ya commin' back
