

Marvelous 3, Number 27

she's got the numer 27
taken off her liscence plate
'cuz that was my basketball number
back when we started to date
and I know, it's better to be unfaithful
to the people that you liked last year, Oh yea!

Chorus:

you're still the same
you'll never change
always a change
you're still the same

she's got a pretty mod cd collection
in the backseat of her car
all the blur and the cure and oaisis cases
tell me you get struck by a star
and I know, its better to be unfaithful
to the people that you liked last year

Chorus

I cannot run, I cannot hide
this ain't no marco polo
you're gonna give yourself away
and all this time I just thought that I was crazy
Chorus
