

# Mary Chapin Carpenter, Keeping The Faith

(Mary Chapin Carpenter)

When it's been that kind of day baby  
When everything is not what it should be  
Everybody's had their say  
Let's just say today is history

And keep keeping the faith  
Keeping the faith, everyday  
We're keeping the faith  
Keep keeping the faith, don't give it away

When your head's not making sense baby  
When your heart is just a mystery  
When you're sitting on the fence  
Instead of knowing where you're supposed to be

Well, just keep keeping the faith  
Keeping the faith, everyday  
Well be keeping the faith  
Keep keeping the faith, don't give it away

All the style, all the money, all the power you can buy  
Won't do nothing if there's something missing way down deep inside

It's the weary, its the lonesome  
It's the forest that we just can't see  
Don't forget now, there ain't no one  
Who isn't trying to see beyond the trees

So, just keep keeping the faith  
Keeping the faith, everyday  
Well be keeping the faith  
Keep keeping the faith, don't give it away

Keeping the faith  
Keeping the faith, everyday  
We'll be keeping the faith  
Keeping the faith, don't give it away
