

Mary Mary, I Luv Him

""Chorus:""

I love Him, I really love Him, love Him, oh yes I do
I love Him, I really love Him, love Him, I'm telling you
I love Him, I really love Him, love Him with all my heart
I love Him, I really love Him, love Him, yeah

""Verse 1:""

I used to wonder, 'Would I ever fall in love?'
Now all I ever think of is
How You loved me, how You touched me
And it's amazing that I don't
Ever, never, never ever have to worry 'cause
If You could love me the way I was
Bitter and broken and selfish and hopeless, I wasn't right
But Your love changed my life and I

""Verse 2:""

Sometimes I close my eyes and think about all the times
That I went left when I should'a went right
Walking in the dark when I knew You were the light
You gave me the truth and I gave You a lie
But You gave me another try
Just to make everything right
That's just how Your heart is
That's why You loved mine for as long as I live 'cause I
