

# Mase, Don't Need Security

Yea, you know how i never remember a gangsta havin security  
A nigga like usher need security, a nigga like justin need security  
A nigga like lenny kravitz need security  
Gangstas dont need security  
My nigga MJ when this drop, you gonna need security

[Verse]

I had the Desert since Biggy left it  
Too many fake niggas from my hood that i dont rep it  
And you can tell ima wildcard, by the way that im standin  
Niggas bobbin and im landin, aim sharp and they shittin  
You know a nigga hurt his hand, punchin cars like its cannon  
Throw a nigga hail mary from 1/8 like Manning  
So, Dont let em amp ya, i got it up in here  
Im not from Tamba but we get the Buckin in here  
3 niggas with blades, sorta like Musketeers  
Like peter i kno jesus but eager to cut me in here

When i bounce thru the club, everybody still scream Murda  
Dont need security  
Im same route, chained out, everybody still scream Murda  
Dont need security  
Im two Double R's, no entourage, Murda  
Dont need security

Thats me, thats me  
I know i dont need no security
