

# MashMish, Why

Night by night  
You're staring in my mind  
How can I erase you blue eyes  
I have a plans  
So are only mine  
We side by side for the rest of ours lives  
Look me in the eyes  
Say: "I feel you lips"  
Then I am alone hang in my dreams

?  
And why should we never try?  
...?  
And why should we never try?
