

Masterboy, Baby, Let It Be

Don't give up your dreams.

Baby, let it be, let it be
baby, baby, let it be, let it be
baby, baby, let it be, let it be
baby, baby let it be
baby, let it be
baby, let it be, yeeeahh
come on baby, let it be

Tell me that you know what you're doing.
Show me that you keep control.
You say that's the way that you choose it,
cause you want to free your soul.
But you do, what you do when you're playin' with fire
Don't burn your hands as you're takin' a chance.
You're on a trip to get higher and higher.
Baby, can't you see?

Baby, let it be, let it be
baby, baby, let it be, let it be
baby, baby, let it be, let it be
baby, baby let it be
baby, let it be
Come on baby, let it be
Baby, let be, yeah
Come on baby, let it be.

As you think you can't be wrong.
Feelin' cool and feeling strong.
In the longrun you will lose
And it's not the way to choose.
check your style and turn back
Live your life on the right track
Life is precious, don't you break it.
If you get a chance, then take it

But you do what you do when you're playin' with fire
Don't burn your hands, as you're takin' a chance
You're on a trip to get higher and higher.
Baby, can't you see?

Baby, let it be, let it be
baby, baby, let it be, let it be
baby, baby, let it be, let it be
baby, baby let it be
baby, let it be
Come on baby, let it be
Baby, let be, yeah
Come on baby, let it be.(x2)
