Mastodon, Naked Burn

Angels dancing with a mortal a sin A giant born within a woman's womb Nephilim walking through the forest breaking limbs As we bow and give respect to the gods

Save yourself Don't wait on me My feet are sewn Endless bottom

The church is burning from the inside out Altars falling into ashes again An eagle fly upon horizons with sight Focusing on all our family and friends

Apologize
Can we rise above it
Climb the line
It's a good endeavor
The ships arrived
Let's sail into the weather
Our crying eyes

Save yourself Don't wait on me My feet are sewn Endless bottom
