

Matchbook Romance, Taken

Six weeks of you back in my life,
and now im taken,
but you take that away.
For now you say that you can't see.
Why can't we make it ?
I dont know what to say,
i wish i could get away.

Not you, i did it to myself,
you were forgiven,
I might take that away.
Well then i owe myself to us,
so we can happen,
so its like running away.
Your dreams throw them all away.

NO!
I won't let go of the dream of mine,
we'll crush your mind,
now its time to get whats mine.
You cant bring me down, cause i know that i want more.
Dont expect to find the one you knew before.
