

Matchbox 20, Downfall

I wonder how you sleep
I wonder what you think - of me
If I could go back
Would you have ever been with me
I want you to be uneased
I want you to remember
I want you to believe in me
I want you on my side
Come on
And lay it down
I've always been with you
Here and now
Give all that's within you
Be my savior
And I'll be your downfall
Here we go again
Ashamed of being broken in
We're getting off track
And I want to get you back again
I want you to trouble me
I wanted you to linger
I want you to agree with me
I want so much, so bad
Come on
And lay it down
I've always been with you
Here and now
Give all that's within you
Be my savior
And I'll be your downfall
You be my savior
Only love can save us now
Love save me now
Only love can save us now
I'll be your downfall
Our love can save us now
Love save me now
Lay it down
I've always been with you, here and now
With all that's within you
Be my savior
And I'll be your downfall
Now I'm back on my own
Yeah my are heavy, made of stone
And I'll make you go where I go
Well they're here, can I take you home
And I'm coming home, on my back
Kissing me, your lips painted black
I'll be your downfall
Let me be your downfall, baby
