

# Matt And Kim, Let's go

I was up in my head  
For everything I've said  
Caught a million words  
They're all made with lead  
I bought a megaphone  
You used inside your home  
Forgot the batteries  
But that's the old me

Shouting out of my windows  
Roll down  
Cause I don't care anymore  
Said I don't care  
Let's go /4x

Oooooo, o-oo, o-oo /x4  
Let's go /4x

Standing on the top  
Of a parking lot  
I gave it all I had  
Show me what you've got  
There's some things I've found  
That make so much sound  
All these words, I don't need 'em now

Shouting out of my windows  
Roll down  
Cause I don't care anymore  
Said I don't care  
Let's go /4x

Oooooo, o-oo, o-oo /x4  
Let's go /4x

Say what you wanna say  
Make it mean everything  
Oh, say what you wanna say  
Make it mean everything  
Say what you wanna say  
Make it mean everything  
Oh, say what you wanna say  
Let's go /4x

Oooooo, o-oo, o-oo  
Hey, hey, hey, hey  
Oooooo o-oo o-oo  
Let's go, let's go, let's go, let's go  
Oooooo, o-oo, o-oo  
Hey, hey, hey, hey  
Oooooo, o-oo, o-oo  
Let's go, let's go, let's go, let's go

Say what you wanna say  
Make it mean everything  
Oh, say what you wanna say  
Make it mean everything  
Say what you wanna say  
Make it mean everything  
Oh, say what you wanna say  
Let's go /4x
