

# Matt Wertz, Like The Last Time

I can feel you  
Slippin' through my hands  
And I can't stop it  
And that's what gets me scared  
It's in my leaving  
That the same begin to tear  
But we made it once  
and we'll make it through again

CHORUS:

And Hey, We'll be fine just like the last time, baby.  
And you say, we'll be fine just like the last time,  
fine just like the last time, baby  
I can't tell you  
What you mean to me  
You're my constant  
You're my consistency  
Everyone's changing  
I barely recognize this town  
You gotta promise me  
That you'll always be around
