

Matthew Sweet, I've Been Waiting

I'VE BEEN WAITING

When you said to me
You are not so old
Did I know it then?
'Cause I had just been told

I didn't think I'd find you
Perfect in so many ways
But I've been waiting [waiting]
And I want to [have you]
I've been waiting [waiting]
And I want to

The secret on your lips
That nobody knows
Gentle in your eyes
You can wear my clothes

I didn't think I'd find you
Perfect in so many ways
But I've been waiting [waiting]
And I want to [have you]
I've been waiting [waiting]
And I want to [have you]
I've been waiting [waiting]
And I want to

[solo]

When you said to me
You are not so old
Did I know it then?
'Cause I had just been told

You know I didn't think I'd find you
Perfect in so many ways
But I've been waiting [waiting]
And I want to [have you]
I've been waiting [waiting]
And I want to have you [have you] [3x]

I've been waiting
